

Plush-Ontime Site Launched

The next 'cab-off-the-rank' for our sister company, OZsmeBusiness, is the new Melbourne painting & decorating business called 'Plush Paintng & Decorating'. They recently contracted us to build their 'portfolio' site to showcase their fine examples of domestic & commercial painting. The site can now be viewed at Plush-Ontime.com. For those that are in the market to have some painting done around the house, the boys at 'Plush' pride themselves on their professionalism and quality (and their prices aren't too bad either).
